QUICKSTART RULES

INTRODUCTION

"TO EXPLORE STRANGE NEW WORLDS, TO SEEK OUT NEW LIFE AND NEW CIVILIZATIONS, TO BOLDLY GO WHERE NO ONE HAS GONE BEFORE."

— CAPTAIN JEAN-LUC PICARD

Welcome to the Final Frontier. You are about to embark as a Starfleet officer on a Federation starship headed for the unknown, to boldly go where no one has gone before. As a Starfleet officer you are among the best and brightest in the Federation – commanders, pilots, scientists, engineers, and doctors. Your starship, a vessel of great speed and power, is the pinnacle of space exploration technology allowing you and your crew to investigate new spatial anomalies and support Federation worlds through the Galaxy.

Star Trek takes place in a future in which Humans have formed an alliance with hundreds of other worlds to support one another and explore the Galaxy, pushing the boundaries of both known space and knowledge. Scarcity of resources is no longer an issue: replicators synthesize meals and

equipment. Peoples of all worlds travel faster than light between systems, at warp, crossing whole sectors of space in days or weeks. Away teams are teleported instantly to the surface of a planet or between starships. Energy weapons are used by both security personnel and starships, and energy shields protect vessels from damage.

The United Federation of Planets is surrounded by potentially hostile powers on all sides. In the Alpha Quadrant, the Cardassian Union and the Federation enjoy a tenuous peace as their border is hit by militant colonists calling themselves the Maquis. In the Beta Quadrant, the allied Klingon Empire is a powerful militarist civilization spanning hundreds of light years. The Romulan Empire, further toward the center of the Galaxy, has been an adversary for centuries, indeed

WHAT YOU NEED TO PLAY

- **Twenty-sided dice:** d20s are used for resolving Tasks, and for rolling results on certain large tables. Often, a Player will roll two twenty-sided dice, or 2d20, but as many as 5d20 can be rolled at once.
- **Six-sided dice:** You'll need a half a dozen or so old-fashioned, six-sided dice, otherwise referred to as d6s. These are used relatively infrequently, mainly to roll on certain small tables. If multiple six-sided dice are required, it will be noted as Xd6, where X is the number of dice required so 2d6 shows that two six-sided dice should be rolled.
- **Tokens:** You'll need some way to keep track of Momentum and Threat (covered later). You'll need six tokens, beads or chips for Momentum, and around a dozen for Threat.
- **Paper, pens, pencils, etc.:** For making note of Traits, or making maps.

since before the Federation was formed. The Neutral Zone is a buffer between the Federation and the Romulans. And through a wormhole to the Gamma Quadrant thousands of lightyears away, the Dominion poses a new threat to everyone in the Alpha and Beta Quadrants.

STARFLEET NEEDS A NEW CREW

Star Trek Adventures is a roleplaying game using the **2d20 System**. This quick start guide summarizes rules for the game of discovery and adversity on alien worlds and beyond the stars. You should read these rules before running the sample mission in the second part of this booklet. The mission itself introduces key concepts as you play through the encounter.

The next section addresses all the rules needed to play this mission, beginning with a description of how Starfleet officers are constructed and how Tasks are resolved.

CHALLENGE DICE

The third type of dice used are **Challenge Dice**, denoted in **Star Trek Adventures** by this symbol: ▲. These six-sided dice are used primarily for inflicting damage and determining how much protection a character receives from cover. Each ▲ has four faces with three possible results – a score of 1,

a score of 2, and two faces showing the Starfleet insignia, which is an Effect – and two blank faces for “no result”.

A group of Challenge Dice is usually rolled all at once, and the results added together. Multiple Challenge Dice are noted as X▲, where X is the number of Challenge Dice rolled. So, 4▲ indicates four Challenge Dice should be rolled, and their results added together.

If you don't have special Challenge Dice available, you can use normal six-sided dice instead. Treat any die which rolls a 3 or 4 as blank, and any die which rolls a 5 or 6 as an Effect.

CHALLENGE DICE RESULT TABLE

D6 RESULT	CHALLENGE DICE RESULT
1	1
2	2
3	0
4	0
5	1, plus Effect
6	1, plus Effect

Example: Lieutenant Commander Data hits a Borg Drone with a blast from his Phaser, and rolls 6▲ for the damage. He rolls 1, 2, and an Effect, and three blank faces for a total score of 4 and he can activate an Effect.
